#### **NEW DATES for the 36th Annual Meeting of ISHR-ES – TORINO: June 29 – July 2, 2021**

With everyone's wellbeing and safety being paramount, the Local Organizers and ISHR-ES Council members have been continually monitoring the ongoing COVID-19 outbreak and following the latest World Health Organization guidance. Unfortunately, the current situation is forcing the Council of ISHR-ES and the local organizers to postpone the 36th Annual Meeting of the European Section of the International Society for Heart Research. This meeting has been rescheduled for next year: 29 June - 2 July 2021. We are grateful for your understanding and support, and hope that you will be able to attend the meeting next year.

#### **ISHR Cardiovascular Webinar Series**

In these uncertain times, we need a novel forum for exchange and dissemination of research findings and paradigms. This is why we have decided to launch an "ISHR Cardiovascular Webinar Series". Webinars will be streamed live via Zoom and for this we request your participation as a speaker and attendee. At the moment our initiative has been targeted for the North American, Latin American and European Section clockfriendly times – but we will record the presentations and make available to all.

**If you are willing to give a webinar, please indicate your availability in the GoogleDocs Excel file using the link below.**
